

CORONAVIRUS UPDATES AND RESOURCES

As our community navigates Coronavirus, we are sharing resources that are relevant to families with young children.

At times like this, our community steps up with tremendous support, and we are grateful. You are already doing a lot as a parent to navigate this unprecedented situation, and we are here to help you. As you identify services, we recommend checking an organization's Facebook page in addition to the links, since many are posting changes frequently.

Staff will be following DHHS recommendation to use teleworking technologies to the greatest extent possible, and be available via email and phone. [Staff Directory](#)

We will continue to closely monitor the COVID-19 situation in our community and provide updates as needed. Please do not hesitate to reach out if you have questions. Thank you as we work together to protect the health of our community.

We want you to know that we are here to navigate with your family in any way that we can.
